

Either Or

The Purpose of the Activity

To get some renewed energy and at the same time learn something new about one's classmates.

Description

- All students stand on the floor in a group.
- The teacher will soon read out two options to the students. If the student likes the first option the most, the student goes to the right, if the student likes the second option, the student goes to the left.
- Students should not think long about their answer, but just quickly choose one of the options.
- This way the students get to know each other and find out the many things they have in common with their classmates.

Practicalities

- **Time consumption:** About 5 minutes.
- **Preparation:** Print the list of questions.
