

Class culture III

As part of 'Lesson 7 - Class Culture III', complete this small questionnaire, which deals with the community and culture of the class.

The survey must be answered individually, and the other students will not see your answer. Note that you must write your name on the questionnaire. This means that I as your teacher have the opportunity to follow up if you write something about your own well-being that you want me to know.

Name _____

State, whether you agree or disagree on the following statements about the class

	Completely agree	Agree	Disagree	Completely disagree
We listen to each other				
We talk nicely about one another				
There is room for differences				
We pay attention to whether everyone is a part of the community				
We are good at working together				
We have a good sense of unity				

How are you doing in your class? (Think about whether you want to go to school every day, whether you can talk to everyone in class, whether you laugh together in class and whether you feel that you can be yourself in class etc.)
